Secrecy Classification

B. Administration and Problems:

Records Management Section - In a meeting with [] of OIC it was agreed that a records analyst from this office would study OIC records material for the purpose of establishing a subject list in conformance with the Agency standard filing system. A tentative starting date of 19 October has been established.

25X1

All of the necessary concurrences were obtained on the Notices effecting standardization of correspondence-type filing cabinets and folders and guides.

A records control schedule for all of the records of the General Services Office has been completed. All of the files in the General Services Office have been converted to the standard Agency system with the exception of those in the office of the Chief, which are now being worked on.

A program for the training of Area Records Officers in the Vital Materials Program at the Repository has been developed. The emphasis of this particular training is on the Repository procedure and the proper indexing and identifying of vital materials in order that the Area Records Officers may more quickly and positively service requests for material as needed in the event of an emergency. It is planned to take the Area Records Officers from the DD/A group to the Repository the first week in October and the DD/I group the following week.

Mr. Robert H. Johnson, Assistant to Executive Secretary, National Security Council, has requested the assistance of this office in preparing a records control schedule for all NSC records. Mr. Johnson also expressed interest in storing NSC records in the Records Center. It is tentatively planned that a survey of NSC will be started in October.

The Agency File Manual is now being printed to distribute for Agency-wide concurrence before issuance as a Handbook.

Records Center Section - It is planned to transfer the remaining Records Center activities in []

25X1

[] and to release the [] To do this, additional renovations in the [] building were necessary and are being made. A comparison of costs indicated that an additional \$3,810 would be required to make the needed changes and the move would cost \$3,000. However, present operation of [] including a 24-hour guard post, annual lease and operation and maintenance cost is \$40,482.04. The change would, therefore, mean a net saving of \$33,672.04 in the first year of operation.

CONFIDENTIAL

Since the saving affects both PHS and this Agency, it was agreed that PHS would assume the \$3,000 cost of the move and that the Agency would pay the \$3,810 for the cost of renovation.

25X1

The contract for the steel shelving necessary to equip the [redacted] as a Records Center was awarded to the Republic Steel Corporation. Efforts are now being made to expedite delivery of the shelving in order that it may be installed prior to the move from [redacted]

25X1

This office has had the custody for some time of a large quantity of JANIS material which has been stored in various attics and storage rooms. There was no inventory on this material nor was it in any order. Following the move into the [redacted] this material was sorted and inventoried and is now available for issuance. The total volume was 1,625 cu. ft.

C. PROJECT STATUS REPORT

Project 1-53 - Records Management Survey of the Office of the Director.

No further action pending a reply to report submitted 8 April 1953.

Project 3-53 - Preparation of a comprehensive schedule for the disposition of fiscal records.

There has been no change in the status as reported last month.

Project 4-53 - The survey of the Office of Operations (Contact Division) has been completed.

Project 5-53 - Mats are now being prepared for the Correspondence Manual for the preparation of copies to be distributed for Agency-wide clearance.

31888100

E. WORK IMPROVEMENT PROJECT

Project 4-53 - Preparation of Handbook setting forth procedures of the Mail Room, Courier service and messenger personnel of the Mail Control Section.

Work on the Handbook is progressing and is estimated to be 90% completed.
